

Carlos Eduardo Sánchez Torres

COMPUTER SCIENTIST (NODEJS, C++, LARAVEL, PYTHON, AND DOCKER)

Profile

I help high-tech product companies to create successful products, happy customers, and of course, to achieve your key results, as a full-stack developer -computer scientist- with Git, VueJS, Laravel, Python, Docker, Linux, and so on. My next step will grow as a product manager and learn about intelligence artificial -deep learning-.

Employment History

Full-stack web, UABC, Remote work

NOVEMBER 2020 — JULY 2021

PhD Kubo and I have developed a [business intelligence system](#) that serves UABC and other stakeholders using Laravel, VueJS, GraphQL, Docker, and PostgreSQL.

Entrepreneur, Arsus, Ensenada

AUGUST 2019 — JUNE 2020

I developed a product for my [own delivery startup](#) with Angular, Firebase, and Google Cloud Platform in Ensenada. I achieve with a budget of \$500 dollars a profit, \$1000 dollars, and 500 users.

Education

B.Sc. Computer science, UABC, Ensenada

JULY 2019 — PRESENT

Developer Student Club Lead.

Projects

Government API

JUNE 2020 — JANUARY 2021

I built CURP, RFC and NSS API with Node JS , Cloud Functions, and Go: [Demo](#).

Arsus Platform (personal platform)

JANUARY 2020 — PRESENT

Arsus platform is an RSS from Hacker News, YouTube, email newsletter, and others. It shows you distinct own projects with an only design too. PWA was built with Angular, Ionic, and Firebase: [Demo](#). I've built a native version with Flutter: [Demo](#).

CEST System operative

JUNE 2020 — JUNE 2020

Technologies: C++, assembly, and make. [YouTube video tutorial](#) [Repository](#) [Demo](#)

Bot Omni-Channel

JULY 2020 — JULY 2020

I built a bot deploying to [Email](#), [WhatsApp](#), and Google Assistant. [Youtube video tutorial](#). I used Node JS, DialogFlow, and Twillio.

Projects and research in a nutshell

JUNE 2020 — PRESENT

[Demos](#), [docs](#), and [code](#).

Details

Ensenada, Baja California
Mexico

+1 (256) 387-7509 (Bot)
hello@sanchezcarlosjr.com

DATE / PLACE OF BIRTH

25/01/2000

Tijuana, Mexico
